The Chair recognized Rep. Roberts for a motion:

**To amend the budget by reducing the Dept. of Correction budget by \$160,000 and increasing the outside agencies by \$95,000 and increasing the alternative sentencing budget by \$65,000, which would be a budget neutral change to the budget.** Seconded by Rep. Weed. Rep. Roberts spoke to his motion saying that he would rather put the jail out of business and increase programs that keep people out of jail. He made several comments regarding our obligation to programs that keep people from going to jail.

Rep. Hunt responded that the cut to alternative sentencing did not eliminate the program but merely reduced the outside services line to the 2008 level. He also was against reducing the jail budget now that it is becoming a profit center. Michael Potter, the director of the alternative sentencing/mental health program said that the program had been in existence for the past ten years and he discussed in some detail the scope of the program. Rep. Weed said he visited the Academy program and the ASP program as well and was impressed with the impact that the programs have on repeat offenders.

County Commissioner Patt spoke to the revenue that the jail is building and how the staff resources are more important than ever. Rep. Lindsey was concerned that a cut, such as proposed by Rep. Roberts would adversely affect the correctional officers.

Rep. Roberts spoke to his position before the jail bond was voted and how he did not want us to build a jail to hold federal inmates. Rep. Gladys Johnsen said that the solution is as simple as raising taxes, which would add only a small amount.

Commissioner Zerba commented that one reason why the jail budget was up for 2011 over 2010 was that the jail was only open for part of the year last year.

Rep. Sterling asked the impact on taxes and was told that on a \$200,000 house, the tax impact of this budget would be \$40.22.

Rep. Johnsen wants to add the \$65,000 to alternative sentencing. Rep. Hunt reminded the delegation that the outside service line of the program still has \$100,000 in it. Commissioner Patt gave a brief cost history of the outside service lines. Commissioner Jack Pratt commented that these cuts are very difficult and that the county is caught between valuable programs that are useful and taxpayers that say that they cannot continue to pay as much in taxes.

Rep. Weed reminded people that the primary reason for government is to serve the community and these cuts work against that purpose. Rep. Weber said that she was very conflicted about the cuts but they were necessary across the board.

Upon a roll call vote on Rep. Roberts the amendment of the main motion to **amend the budget by reducing the Dept. of Correction budget by \$160,000 and increasing the outside agencies by \$95,000 and increasing the alternative sentencing budget by \$65,000, which would be a budget neutral change to the budget, the motion failed on a vote of 6 in favor and 17 opposed.**

On a roll call vote of 3 in favor and 20 opposed, the motion to amend the main motion failed.**
